Product Bulletin Corroclean

DESCRIPTION

Corroclean is an eco-friendly water soluble metal cleaner which features degreasing with residual corrosion inhibition. The product is FDA CFR 21 compliant, in the sense that raw materials are chosen that meet worker health and safety concerns. The product is essentially non-hazardous and contains no oils or Volatile Organic Compounds (VOC), which pertain to emission regulations of the Environment Protection Act.

PRODUCT BENEFITS

1. **Corroclean** is used as a dilution in water ensuring economical use with consequent excellent cost performance.
2. **Corroclean** has been specifically designed to protect ferrous metals after cleaning, no need to oil or grease.
3. **Corroclean** utilises only raw materials that are found in the FDA CFR21 list hence it's safe and clean working nature.
4. **Corroclean** can be applied by conventional spray equipment as a rapid application system or be implemented in the works process so as to be "in line," with the assembly.

APPLICATION

Brush, roller or conventional spray equipment easily applies **Corroclean**. May also find use in vibratory finishing equipment. The product will find application wherever there is a need for highly effective corrosion protection and cleaning of metal parts or equipment.

PACKING AND HANDLING

Corroclean is packed in 25 Kg drums. The product should be stored in a cool dry place out of direct sunlight. Minimise exposure by good industrial hygiene practices. Use the necessary personal protection equipment.

NOTICE

Recipients of this Product Bulletin must make their own assessment of the workplace risk as required by health and safety legislation. The information given is correct to the best of our knowledge at the time of publication. It is given in good faith and as a general guide without liability for specific performance. **Pentakem** cannot accept responsibility or liability for any consequences arising from its use. The users must satisfy themselves that the product is entirely suitable for their own purposes.
